DOPING CONTROL. Each participant in the National Championships is potentially subject to a doping control by the Canadian Centre for Ethics in Sport (CCES) on a random basis in accordance with the Canadian Anti-Doping Program (CADP). To avoid an inadvertent positive test and the consequences of an anti-doping rule violation, athletes are encouraged to take the following steps:

- Check the Global DRO (www.globaldro.com) to determine if any prescription or over-the-counter medications or treatments that are banned by the WADA Prohibited List.
- Review medical exemptions requirements (www.cces.ca/medical) if you require the use of a banned medication for a legitimate medical reason.
- Do not use supplements, or take precautions prior to doing so. Supplement products cannot be verified by the CCES or in the Global DRO. A lack of industry and government regulation makes it impossible to confirm their ingredients. Read more: www.cces.ca/supplements
- Review the steps of the doping control sample collection procedures: <http://www.cces.ca/en/samplecollection>
