ANTI-DOPING CONTROL (CCES)

Each participant in the National Championship is potentially subject to a doping control by the Canadian Centre for Ethics in Sport (CCES) on a random basis in accordance with the Canadian Anti-Doping Program (CADP). To avoid an inadvertent positive test and the consequences of an anti-doping rule violation, athletes are encouraged to take the following steps:

- Be familiar with www.cces.ca/athletezone;
- Check with DRO Global (www.globaldro.com) to determine if any prescription or over-the-counter medications or treatments that are banned by the WADA Prohibited List.
- Review medical exception requirements (www.cces.ca/medical) if you require the use of a banned medication for a legitimate medical reason.
- Do not use supplements or take precautions prior to doing so. Supplement products cannot be verified by the CCES or in the Global DRO. A lack of industry and government regulation makes it impossible to confirm their ingredients. Read more at: www.cces.ca/supplements.
- Review the steps of the doping control sample collection procedures: <https://www.cces.ca/sample-collection-procedures>;
- For additional resources and general information, please contact the CCES:
 - o Email: info@cces.ca
 - o Call toll-free: 1-800-672-7775
 - o Online: www.cces.ca/athletezone
- Please note that the USE OF CANNABIS will cause a positive anti-doping test result.

Reminder: as per the CCES policy, you must keep up-to-date with the anti-doping awareness module (<https://cces.ca/truesportclean101untracked>). For any support with the CCES online module, please contact: education@cces.ca.
